### Swiss apple is key to Michelle Obama's youthful looks

The secret of Michelle Obama's youthful looks may be a rare Swiss apple with an exceptionally long shelf-life.

Michelle Obama, the First Lady of the United States of America

By Alexandra Williams in Geneva  
7:00AM GMT 30 Nov 2009

According to the US edition of Vogue, the First Lady buys a £215 serum which uses an extract from the stem cells of the Utwiler Spätauber apple.

The variety stays fresh for up to four months after being harvested, long
